

UTM CRIMINAL JUSTICE ALUMNI SURVEY 2016 RESULTS

The UTM Criminal Justice Alumni Survey was mailed to 163 graduates of the program for the years 2010 to 2015 in the Spring 2016 semester (23.93% response rate). There were a total of 39 respondents, one who didn't include the signed informed consent statement, and six surveys returned as undeliverable. Of these graduates, 35.89% transferred in to UTM from a community college or other four-year institution. The respondents were 61.5% female, 38.5% males, 53.8% of whom were currently working in the criminal justice field. Twenty-five percent (25%) were working in law enforcement. A total of 84.6% of respondents were either *satisfied* or *very satisfied* with their current position. Fourteen (35.9%) of the respondents participated in an internship, and all who participated in an internship agreed that an internship should be a degree requirement for criminal justice students.

Responses to specific questions were as follows:

My education at UTM adequately provided me with the level of oral communication skills necessary for a position in the criminal justice field
