Chairholder, Parker Chair of Excellence in Agriculture and Natural Resources  
One representative from each of the following areas:  
    Ned McWherter Institute for Collaboration and Innovation  
    WestStar

**Charge of the Committee:**

1. Provide leadership in the review, evaluation, and use of data for continuous improvement and accountability for student, faculty, and staff outreach and community/public service.
2. Ensure consensus about what the institution expects students to represent or demonstrate along the continuum of their development.
3. Monitor assessment of outreach and community/public service outcomes in areas related to individual growth and the advancement of regional and global communities.
4. Determine how to integrate data collected for continuous improvement and accountability among areas related to individual growth and the advancement of regional and global communities.
5. Use the assessment results to verify student, faculty, and staff growth and development and to identify patterns of weakness in order to improve services.
6. Provide an annual report to the Assessment Oversight Committee documenting changes, strengths, and weaknesses of outreach and community/public service endeavors.
7. Disseminate results of assessment of outreach and community/public service activities in order to inform the budget process.
